@ Vilnius University
Graduated: 2006 | Vilnius, Lithuania

LANGUAGES

- English: Fluent (Full professional written and spoken capability)
- Lithuanian: Native / Fluent
- Russian: Fluent
- German: Intermediate
- Norwegian: Basic
- Polish: Basic

PROFESSIONAL SUMMARY

Dynamic and process-driven AI Enablement and Project Lead with over 15 years of experience building lightweight processes, cross-functional programs, and technical adoption initiatives. Proven track record in guiding non-technical teams—across Growth, Brand, Media, and Data—to build practical, everyday habits around AI tools including Claude, Copilot, and Python-driven automation. Adept at keeping fast-moving AI initiatives visible and organized using tools like Jira, Confluence, Slack, spreadsheets, and slide decks. Strong cross-functional communicator skilled at driving alignment, establishing automated reporting rhythms, and keeping multi-workstream projects on schedule without needing formal authority.

PROFESSIONAL EXPERIENCE

- AI Consultant & Enablement Lead** @ Micro1, Appen, Volga Partners
January 2025 – Present | Vilnius, Lithuania
 - Own and coordinate dedicated AI workstreams, ensuring high visibility, clear progress tracking, and cross-functional alignment across multiple technical and non-technical stakeholders.
 - Leverage generative AI tools (Claude, Copilot, Python scripts) to automate daily admin, research, and project reporting routines, serving as a hands-on power user.
 - Translate complex AI capabilities and workflows into modular, easy-to-follow enablement documentation and training assets.
 - Establish recurring reporting rhythms and utilized platform analytics to track initiative milestone progress and present clear updates during business reviews.
 - Converted complex technical software and hardware operational workflows into clear, modular training guides and structured procedural backlogs.
- Senior Training Manager** @ Samsung Electronics Baltics
2016 – 2023 | Vilnius, Lithuania
 - Led a high-performing team of 12 across the Baltics, overseeing technical product enablement and operational process rollout for 2,000+ frontline and support personnel.
 - Successfully fostered tool and process adoption across diverse teams without formal direct authority, achieving high engagement and compliance.
 - Analyzed CSAT, performance KPIs, and engagement data to evaluate initiative impact, maintaining streamlined reporting dashboards for executive reviews.
 - Designed AI-assisted support workflows and interactive decision trees that significantly improved operational resolution speed and user knowledge retention.
- Training / Knowledge / Content Manager** @ CSC Baltic
2008 – 2016 | Vilnius, Lithuania
 - Headed a 15-person delivery and content team, establishing robust onboarding structures and systematic procedural workflows across global teams.
 - Collaborated with technical subject matter experts (SMEs) to design structured system guides, interactive decision trees, and backlog documentation.
 - Conducted task and workflow analyses to optimize operational efficiency and resolve cross-departmental dependency blockers early.
- Operational Excellence Specialist** @ Enterprise Global Services
2005 – 2008 | Vilnius, Lithuania
 - Spearheaded operational process mapping and standard operating procedure documentation.
 - Trained over 500 new hires across multiple business units on compliance and quality frameworks.
- Junior Program Associate** @ International Business Hub
2003 – 2005 | Vilnius, Lithuania
 - Assisted program managers in milestone scheduling and cross-team communication.
