PROFILE

Strategic Learning & Development Leader with 15+ years of experience driving competence development and performance improvement across customer service and sales teams. Proven ability to lead L&D initiatives, align training with business KPIs, and reduce frontline turnover through data-driven, engaging learning solutions. Adept at leading teams and collaborating with business leaders to deliver measurable impact.

WORK EXPERIENCE

Volga Partners 2025 - PRESENT

AI Training Consultant

- Developed AI-assisted training for customer support teams, transforming complex topics into practical e-learning modules.
- Partnered with stakeholders to align initiatives with business goals.

LIGHT CONVERSION 2024 - 2025

Learning & Development Lead

- Led end-to-end L&D processes, including needs analysis, content development, and impact measurement via LMS and data reporting.
- Designed learning solutions to support organizational growth and employee engagement.

Samsung Electronics Baltics 2016 - 2023

Senior Training Manager

- Led a team of 12 training professionals across the Baltics, overseeing product and process training for 2,000+ customer-facing staff.
- Improved onboarding and knowledge retention through blended learning; used NPS, CSAT and engagement data to measure impact.
- Collaborated with sales and service leaders to close skill gaps and strengthen frontline performance.

CSC Baltic 2008 - 2016

Training Management Lead

- Led a 15-person service delivery team; designed onboarding and system training that improved KPIs like first-call resolution.
- Conducted job analyses to build targeted programs, supporting employee development and retention.

EDUCATION

Master of Law 2001 - 2006

Vilnius University

IB Diploma 1993 - 2000

Oslo International School
